Dear Members,

In these uncertain times, we understand that dentists need timely updates of information related to the COVID-19 outbreak, especially information on availability of PPE supplies, preventive measures and MOH guidelines. Although we are not at the frontline of the fight against the virus, we provide essential services to Singaporeans that has to continue despite the risk to our own health. We are so much more exposed due to our constant use of aerosol generating high speed handpieces, and therefore should be as well protected, if not better, than our medical colleagues.

We have created dedicated email blast portal and Telegram portal to disseminate **focused** information on matters related to COVID-19. Our regular SDA Buzz will still be ongoing, to keep you posted on other association matters.

We would like to reassure members that we hear your concerns and are working behind the scenes to provide assistance as much as possible.

Do look out for our SDA COVID-19 email blasts!

If you have not been receiving our blasts, you may not be on our mailing list. Please contact us at membership@sda.org.sg to update your contact details.

United as a profession, we will overcome this adversity and emerge stronger together.

Let us all stay healthy and positive!

From the desk of the SDA Council 2018-2020
