SDA Soccertron 2016: The Annual SDA Futsal Challenge Cup 5-a-side Futsal Tournament

Calling all football enthusiasts! Following last year's successful inaugural SDA Soccertron, SDA is organising "SDA Soccertron 2016", our 2nd edition Futsal Challenge Cup for a day of fun and excitement!

Round up your colleagues and friends, form a team and challenge for the SDA Futsal Challenge Cup with these 3 easy steps:

1) Form a Team of 5 - Dentists, Allied Staff (OHTs, Assistants, Technicians),

Students all welcome

2) Create a Team Name, Appoint a Team Captain (point of contact)

3) Submit the [completed form](#) to sda.soccertron@gmail.com

Keen to play but unable to form a complete team? Not to worry! Just email us your name, registration number, HP number and email address! We will try to group individuals up to form a team. Our aim is for everyone to have a good time!

Date and Time: 22nd October 2016, Saturday 630pm

Venue: Kallang Cage (28 Jalan Benaan Kapal S399635)

Registration fee: S\$50 per team; S\$10 per individual player looking to join a team

Awards and Prizes: SDA Challenge Trophy, Winner Medals, Golden Boot, MVP awards up for grabs

Kindly submit S\$50 per completed team or S\$10 per individual looking to join a team via Cheque or Internet Banking to 'Singapore Dental Association'

Details of Internet Banking

Bank Name: United Overseas Bank Limited

Account Name: Singapore Dental Association

Account Branch Code: 063

Bank Code: 7375

Account No: 213-309-005-5

Kindly indicate your full name or DCR number so that we can update our record.

Any queries, kindly email sda.soccertron@gmail.com

We will get back to you as soon as we can.

Work-related Musculoskeletal Disorders (WMSDs) amongst Dentists

Dear Dentists,

We are a group of final yr. Diploma in Dental Hygiene & Therapy Students from Nanyang Polytechnic who are conducting a survey on work-related Musculoskeletal Disorders (WMSDs) amongst Dentists in Singapore.

MSDs refer to injuries to the human support system of muscles, ligaments, tendons, nerves, blood vessels, bone and joints.

They can occur from a single event or cumulative trauma.

WMSDs refer to conditions exacerbated by work conditions.

Studies on dental professionals in several countries show a high prevalence of WMSD.

To the best of our knowledge, no similar study has been conducted in Singapore.

Our survey, which will require 10 mins of your time, aims to gather data related to WMSDs from dentists in Singapore. Ethical approval to conduct the study has been granted and all responses will be kept strictly confidential.

Please click here <<https://goo.gl/forms/AvjVF1UFDOVBxOTj1>> to access the survey questionnaire.

We hope that this survey will assist in designing appropriate preventive interventions for dental professionals in future.

If you have queries, please contact our supervisor, Dr Vaishali Natu at denv1312@gmail.com.

Thank you in advance for your participation.

Attiya Shaukat, Haidah Nabihah Bte Junadi, Khu Chin Seng, Park Ye Jin, Siti Salina, Tan Mei Ru
