SDA SECRETARIAT OFFICE

Oral Health Month March 2018

Oral Health Month (OHM) 2018 will be held throughout the month of March and for the first time, Free Dental Check-ups will be exclusively offered only in participating private dental clinics.

This is a great opportunity for private practitioners to improve patient traffic and to support a meaningful public oral health activity to bring brighter, healthier smiles to Singaporeans.

Appeal for Donations to The Society For The Aged Sick

The Singapore Dental Association (SDA) has adopted The Society for the Aged Sick as our charity for 2017. The Society is a non-profit organization affiliated to

the National Council of Social Service (NCSS).

The Society houses over 400 elderly residents, comprising the destitute and those from low-income families. These are referred by medical social workers from public healthcare institutions for further care. In addition, majority of the residents are either wheelchair- or bed-bound and suffer from multiple medical conditions.

The Society receives her major sources of funding from government subsidies and donations. This helps The Society to fulfil the missions of providing quality care to the aged sick and destitute and to help the aged sick and destitute lead a meaningful and enriching life.

The SDA wishes to extend our helping hand to The Society and we need your help! You may make a donation in cash or cheque from now to 6th November 2017. For cash donation, kindly make cheque payable to “Singapore Dental Association”. Do take note that the tax-exempted receipts will be issued by the **Society for the Aged Sick**.

Rejuvenating Teeth: From Trauma to Transplants

Date: Saturday, 4th November 2017

Time: 8.30am - 5.00pm

Venue: Novotel Hotel Clarke Quay

Credit: 8 CDE Points

The Society of Endodontists Singapore (SES) is honoured to be bringing you our annual scientific meeting, which will be held on 04 November 2017. The theme of the conference this year is "Rejuvenating Teeth: From Trauma to Transplants" and we are very honoured and privileged to have with us two experts in the field of autotransplantation, Dr. Mitsuhiro Tsukiboshi and Professor Monty Duggal, to share with us their knowledge and expertise. Dr. Tsukiboshi will speak on the treatment planning for traumatised teeth and discuss the autotransplantation of teeth. Professor Duggal will provide a pediatric insight on the interdisciplinary management of complex dental trauma in a child, and how autotransplantation can serve as replacement of anterior teeth lost through trauma. The day will end with Professor Duggal's lecture on regenerative endodontics.

We would strongly encourage you to join us for the event as you would not only benefit from the lectures of our speakers but also interact with many endodontists on the various aspects of management of dental trauma.

**Avail your special early-bird rate NOW before
it ends on 21st October 2017.**
