Ng Teng Fong General Hospital Dental Symposium

Temporomandibular Disorders: A Primer for Primary Care Providers

Speaker: A/Prof Adrian Yap

Date: Sat, 3 Mar 2018

Timing: 2.00-6.30pm

Venue: Ng Teng Fong General Hospital, Tower A, Level 1, Learning Centre

Credit: 4 CDE points

Lunch and tea break will be provided.

Synopsis:

This three-part symposium aims to help clinicians know the current concepts of TMD, their classification, signs and symptoms. Etiology of TMD is deliberated with particular emphasis on their connection to orthodontic therapy, sleep bruxism and obstructive sleep apnea. Participants will learn how to screen for TMD and differentiate between acute/chronic TMD. An overview of TMD management will also be presented and the complications associated with splint therapy are discussed.

Show your support for Safe and Healthy Workplaces today!

Do you know the common injuries in the healthcare sector? They can be caused by slips, trips and falls, over exertion and struck by moving objects. While they seem rather minor, these injuries can lead to potential fatalities. You and your employees have a role to play to ensure that the injuries are minimised at your organisation. Workplace Safety and Health Council would like to invite you to take part in the 2017 National WSH Campaign drive with its message “Prevent all injuries. Go home safe and healthy”. This message aims to drive home the importance of taking preventive action against injuries at work, as it affects not only you, but your family. We encourage your company to support this campaign drive through 3 simple steps! Follow these 3 steps to pledge your support and be recognised for your efforts.
