**INVITATION TO STAKEHOLDER
ENGAGEMENT SESSION ON PROPOSED
CHANGES TO PRIVATE HOSPITALS AND**

MEDICAL CLINICS (PUBLICITY) REGULATIONS

BACKGROUND

The Private Hospitals and Medical Clinics (PHMC) (Publicity) Regulations (2004) sets out broad principles on how licensed healthcare institutions should publicise their services in an ethical and professional manner. In view of the rapid changes in technology and services over the last decade, the Ministry of Health (MOH) has decided to review and clarify the Regulations.

As part of the review, MOH would like to seek the views of healthcare professionals, advertising watchdog authorities and members of the advertising industry on the proposed amendments to the Regulations and changes to the enforcement approach.

DETAILS OF THE FOCUS GROUP DISCUSSION SESSION

MOH will be holding three engagement sessions for this purpose. Details of these sessions are as follows:

Date	Time	Venue
5 June 2017	7 – 9pm	Lecture Room, College of Medicine Building
7 June 2017	7 – 9pm	Outram Room, College of Medicine Building
8 June 2017	7 – 9pm	Lecture Room, College of Medicine Building

** Dinner will be provided*

SDA would appreciate if you could indicate your interest by submitting the following details to admin@sda.org.sg by **26 May 2017** at the latest:

- **Name**
- **Designation**
- **Institution**
- **Email**
- **Date of Session to Attend**

The Art of Balancing Periodontal Conditions and Implants

PERIO CONFERENCE

Ancora Imparo is proud to bring together 4 American Board certified top periodontists in South East Asia for you in Kuala Lumpur, Malaysia on the 8th of July 2017.

The balance between implants and periodontal disease is never an easy one to reach. It is an art that requires scientific knowledge, skills and experience. Should we extract or should we not extract the teeth? What are the risks involved and how do we manage these patients with implants to achieve the best aesthetics results? Find out the answers to these questions this July and learn more from the experiences of our beautiful and talented top periodontists.

Don't miss this golden opportunity to discover the intrinsic art of balancing periodontal conditions and implants with these 4 leading periodontal treatment experts.

Warm regards,
Ancora Imparo

Hands-on Masterclass in Composite Resin Restoration - The Revolutionary JT Concept

First time in Singapore:

The revolutionary JT concept in composite resin restoration

Watch how Dr. Hirofumi Tashiro works his composite under 8X magnifying loupes to achieve extraordinary results.

Dr. Tashiro's introduction of the JT Concept blends minimal intervention techniques in composite resin with the intention to re-establish nature's form, within the oral cavity. Along with the latest knowledge in bonding research, Dr. Tashiro demonstrates a new dimension and paradigm shift in the understanding and handling of composite resins. This hands-on course will provide detailed practical guidance and enhance clinical outcomes by focusing on key procedural steps in the management of the versatility of composite resins as a treatment option. The most significant advantages being cost effectiveness, conservation of tooth tissue, reduced treatment time with enhanced aesthetics.

Join Dr. Tashiro and us as we explore the 'next generation' of restorative dentistry and holistic dental care.

Warm regards,
Ancora Imparo

CGDP 3rd Asian Symposium for Advanced General Dentistry (ASAGD) (21st to 23rd July 2017)

This symposium seeks to explore and share advancements in clinical practice as well as relevant technological applications. The College hopes to establish collaboration between partner associations amongst the ASEAN countries. Coming together, we can inspire and promote excellence in dentistry for this region. The ASAGD is a great platform for outstanding clinicians of this region to share their work and inspire others to excel in dentistry.

We have invited Dr. Wynn Okuda as our keynote speaker this year to cover 1.5 days of various topics of "Innovative Solutions to Complex Cosmetic Restorative Problems". In addition to value add to your participation to ASAGD, we have invited various regional and esteemed practitioners in the industry to share their tips and current trends.

Do join us in this exciting and largest CGDP Symposium!

Periodontal Plastic Surgery: Predictable Root Coverage Technique in Daily Routine Practice

Exposed roots often present an esthetic problem to discerning patients. There are many plastic regenerative periodontal surgery techniques to manage such problem, but successful treatment needs specialized skills and knowledge.

Ancora Imparo is proud to bring you Dr. Fabrice Chérel, who is a periodontist with more than 20 years' experience in teaching and clinical work. His two-day lectures and hands-on workshop using pig-jaw will cover a variety of situations including the selection of grafts, suturing techniques, root preparation, recipient site preparation, harvesting technique and etc.

Join us with Dr. Chérel on 22nd and 23rd July 2017 in Kuala Lumpur to uncover the secrets and tips to the success of periodontal plastic surgery.

Warm regards,

Ancora Imparo
