## **Ethics Nite 2018 : Protecting Your Professional Reputation – Minimizing the Risk of Professional Challenge**

In an increasingly demanding professional environment, how can we help to reduce the risk of complaints, claims and Dental Council investigation, and help build our own reputation and that of the practice?

In describing real dento-legal case examples, delegates will be able to identify common themes arising and learn behaviours and actions which will help build and protect a professional reputation, particularly how to minimise the escalation of a case when things do not go to plan despite best intentions. We are all human, and mistakes will happen – how can we influence how the patient will react?

Dr Foster will use Dental Protections vast cases experience to bring this presentation to life and to help colleagues help themselves.

**Speaker** : Dr James Foster, Senior Dento-Legal Advisor

**Date** : Tuesday, 21st August 2018

**Time** : 5.30pm – 6.30pm: Registration & Refreshment

6.30pm – 9.00pm: Lecture followed by Q&A

**Venue :** Auditorium @ The Academia

**CPE :** 3 CPE points (Non-Core)

**Registration :** Pre-registration is required as seats are limited.

## **What Every Dentist Should Know about Dental Malpractice**

You have invested a lot of time and money in your Dental Practice.

- What is going to happen when a malpractice suit is filed against your dentists and/or clinic?
- What about dental hygienists? Are they at risk too?
- Are you aware of the gaps in your current professional indemnity by the Dental Protection Limited (DPL)?

Without a Dental Malpractice insurance, you are leaving your dental practice and/or clinic exposed:

- Coverage that does not extend to your associates, locums, nurses, hygienists and staff.
- Coverage that may not cover against employment practice claims such as unfair dismissal, unlawful discrimination or sexual harassment.

Today, you have a choice to protect yourself, your staff and your practice. Come and learn about the importance of dental malpractice insurance and how it can cover these gaps with superior coverage at an affordable rate.

This workshop is designed for any dentist who's serious about reducing his or her malpractice risk.

## **2 Non-core CED Points will be awarded**

## **IMPLANT INTENSIVE COURSE (Digital Edition)**

Rapid technological advancements are impacting our Dental Industry. The newly-launched Implant Intensive Course (Digital Edition) by Dr Tan Min Seet will showcase the Digital Workflow from Digital Radiography to Patient's Treatment Planning to Implant Surgical and Restoration delivery. This course also features speakers such as Dr Lee Fuen Fuen and Dr Tsung-Lin James Lee and product specialists from Kavo Kerr and Dentsply Sirona.

**Date** - 1st to 4th August 2018 (Wednesday to Saturday)

**CPE** - 26

Impacted wisdom teeth removal is one of the most common surgeries among dentists. Still, it remains to be one of the more challenging operations. The wisdom tooth course, is hence aimed to help the clinician to identify the challenges that may be encountered and to manage common complications. The core of the course is a structured step-by-step wisdom tooth surgical guide designed to assist the dentist in navigating an uneventful operation.

**Date:** 8th November 2018
