SES Scientific Meeting 2017

Rejuvenating Teeth: From Trauma to Transplants

Date: Saturday, 4th November 2017

Time: 8.30am - 5.00pm

Venue: Novotel Hotel Clarke Quay

Credit: 8 CDE Points

The Society of Endodontists Singapore (SES) is honoured to be bringing you our annual scientific meeting, which will be held on 04 November 2017. The theme of the conference this year is "Rejuvenating Teeth: From Trauma to Transplants" and we are very honoured and privileged to have with us two experts in the field of autotransplantation, Dr. Mitsuhiro Tsukiboshi and Professor Monty Duggal, to share with us their knowledge and expertise. Dr. Tsukiboshi will speak on the treatment planning for traumatised teeth and discuss the autotransplantation of teeth. Professor Duggal will provide a pediatric insight on the interdisciplinary management of complex dental trauma in a child, and how autotransplantation can serve as replacement of anterior

teeth lost through trauma. The day will end with Professor Duggal's lecture on regenerative endodontics.

We would strongly encourage you to join us for the event as you would not only benefit from the lectures of our speakers but also interact with many endodontists on the various aspects of management of dental trauma.
